THE HONDO NATIONAL BANK

Our Mission:

To provide an avenue for youth exhibitors to show their livestock animal projects and be judged on merit. We collaborate with 4-H and FFA organizational personnel to educate youth about proper selection, care, feeding and training of livestock. The money that these youth receive for their projects is the reward for their efforts and is used to pay expenses incurred in raising the project, to purchase and raise future projects, and in many cases to assist in funding their higher education.
